Acknowledgements

My profound thanks to Demian Gordon for his continued mentorship and guidance in everything related to the motion capture field.

I would also like to acknowledge and thank the Motion Capture Society and the Mocap Club for providing a platform for the advancement and strengthening of the motion capture community.

Thanks to Pedro Flores for designing the cover of this book.

Thanks to the Flight of Icarus Committee for creating the CG visuals that make part of the cover.

Thanks to Chris Maraffi for his insight on the difficult art of writing a book.

Many thanks to Full Sail University, my colleagues as well as the students for their daily support and inspiration.

Thanks to Motion Analysis for their help and support over the years.

Thanks to my family, to Olga and Gilberto for instilling in me the interest and love for the academia, to Eduardo for teaching me to never give up.

My gratitude towards Alejandra Restrepo for her patience and support.

And last but not least, I would like to thank Foris Force for publishing this book.
